

Thanks for purchasing our DIY Personal Organizer! We are a small business and we strive to provide excellent customer service, so if your order arrived on time and without any issues we would really appreciate providing us seller feedback or a product review. If you have any problems, or you're not happy for any reason, please contact us through Amazon messaging and give us an opportunity to make things right.

Thank You,

C. Martin
MOS, Inc.

Enjoy the following free printable planner pages courtesy of our friends at FreePrintable.net. The 10 formats offer both left- and right-sided variations that will fit your new personal size planner (also known as Size 3 or 6 3/4 x 3 3/4).

For 42,000 more printable documents and templates that range from business forms to calendars to certificates to coloring pages, visit FreePrintable.net.

Instructions

Putting together your planner pages can be done quickly and easily from home with the use of a printer, scissors, and a six-hole punch.

1. Print this file. Templates are organized by "left and right page" pairs, so you are able to print whichever templates you choose (ex. p.17-18 Ruled, p.5-6 Daily Organizer, etc.) on standard letter size paper.
 - a. In your printer properties, choose "double-sided."
 - b. Make sure that you specify that you want to flip the pages on the long end rather than the short end.
2. Use your scissors or a paper trimmer to cut out the 3.75" x 6.75" planner pages. There are guidelines on each page to help you ensure that you make straight cuts.
3. Punch holes along the side of the planner page with the six-hole punch (they're available on Amazon.com) or use a standard single-hole hand punch.
4. Insert into your personal planner.
5. Enjoy!

(Note: Instructions may vary depending on your particular printer and PDF software. Some printers do not accommodate "double-sided" printing, and you will need to print one side and then reinsert the paper to print the second side. With a bit of experimentation you will be able to determine what works.)

Summary	

The image shows a vertical rectangular frame. Inside the frame, there is a smaller rectangular area with horizontal lines, resembling a page from a notebook. To the right of this lined area, there are seven small circles arranged vertically, representing binder holes. The entire frame is centered on a white background, with short horizontal and vertical lines extending from the corners, likely for alignment or printing purposes.
